Payment Options & Protection Start Date

The HIPAA SAFEGUARD™ protection program can be charged either on a monthly or annual basis.

Monthly

- Protection for monthly payments can begin on either the first of the following month or immediately on the enrollment date; however, the price is not prorated for immediate protection.
- The reoccurring monthly payment is processed on the first (1st) of each month; this payment provides protection for the following month.

Annual

- The initial charge for the annual payment option will occur on the enrollment date and protection will commence either on the first of the following month or the enrollment date.
- The annual charge will be processed 30 days prior to the annual renewal date.

Two payment methods are required to ensure uninterrupted protection.
